Course Description
The Department of Orthopaedics at Indiana University School of Medicine is pleased to present the 11th Annual Lindseth Lectureship. The Lectureship will consist of a full day of talks and case presentations on pediatric orthopaedics presented by the pediatric faculty of Indiana University and other distinguished academic pediatric orthopaedists.

It is our honor to welcome John “Jack” Flynn, M.D. as this year’s guest speaker. Dr. Flynn is the Chief of Orthopedic Surgery at The Children’s Hospital of Philadelphia and Professor of Orthopedic Surgery at the University of Pennsylvania. He attended University of Pittsburgh School of Medicine prior to completing his Orthopaedic Surgery Residency at Harvard in 1995 and his pediatric orthopaedic fellowship at DuPont Hospital for Children in 1996.

Dr. Flynn’s clinical focus includes spine deformity, early onset scoliosis/thoracic insufficiency, fractures, hip disorders and CP. He is the author of over 280 peer reviewed papers, reviews and chapters, and editor of the seminal texts in pediatric orthopaedics: Lovell and Winter’s Pediatric Orthopaedics, Rockwood’s Fractures in Children, Operative Techniques in Pediatric Orthopaedics, as well as OKU 10 and Staying out of Trouble in Pediatric Orthopaedics. A winner of multiple Penn teaching awards, Dr. Flynn lectures nationally and internationally on management of spinal disorders, pediatric fracture care, safety and value in spine care, and life-work integration for surgeons.

Dr. Flynn has served as President of Pediatric Orthopedic Society of North America, Chair of the International Pediatric Orthopaedic Symposium, Chair of AAOS CME Courses Committee and President of the Children’s Spine Study Group. He is currently a Director of the American Board of Orthopaedic Surgery
